Deals & Smart Shopping | Infographic

1

Inflated anchor price

The 'was' price was rarely or never charged. Check the price history.

2

Fake urgency

Timers that reset or 'only 2 left' on every item. Reload and see.

3

Bundle padding

Add-ons raise the total above buying the parts separately.

4

Drip fees

Fees appear only at the last step of checkout. Compare final totals.

5

Vague 'up to' discounts

The headline percentage applies to very few items.

General guide only. Prices, policies and availability vary by seller and change over time.
