

# Instagram Hook & Caption Swipe File

DEALUX

Social Media | Fillable PDF

## HOW TO USE

Rewrite each formula in your own voice for Instagram. Save the versions that perform and note why. Aim to test each one at least twice.

| Formula                       | My version for Instagram | Result notes |
|-------------------------------|--------------------------|--------------|
| Problem + quick fix           |                          |              |
| Before / after                |                          |              |
| 3 mistakes to avoid           |                          |              |
| Things I wish I knew sooner   |                          |              |
| Stop doing X, try Y           |                          |              |
| Behind the scenes             |                          |              |
| The truth about ...           |                          |              |
| A vs B: which wins?           |                          |              |
| Mini story with a lesson      |                          |              |
| Question that invites replies |                          |              |
| Myth vs fact                  |                          |              |
| Step-by-step in N steps       |                          |              |

## Caption building blocks

| Part                | My draft |
|---------------------|----------|
| Opening hook        |          |
| Value / story       |          |
| Proof or example    |          |
| Call to action      |          |
| Hashtags / keywords |          |
